WORK EXPERIENCE

SENIOR FRONTEND DEVELOPER
Littardo Emporium
01/2024 - Present   *Remote*

Achievements/Tasks

- As the sole frontend developer for an eCommerce website, I design and implement a user-friendly platform leveraging a modern tech stack. My key responsibilities and achievements include:
- **Dynamic Platform Development:** Created a fast, SEO-optimized web application using Next.js, significantly enhancing overall performance.
- **Responsive Design:** Utilized Tailwind CSS and SCSS to develop a mobile-first, visually appealing interface that adapts seamlessly to various devices.
- **Interactive UI Components:** Built reusable components with React.js and JavaScript, focusing on high performance and maintainability.
- **Payment Gateway Integration:** Integrated Razorpay for secure and efficient transaction processing, boosting customer trust and satisfaction.
- **State Management:** Implemented Context API for efficient state management, leading to a smoother user experience.
- **Server-Side Rendering:** Enhanced load times and SEO through server-side rendering capabilities, providing users with a seamless browsing experience.

Software Development Engineer(SDE-1)
UniScholars
01/2023 - 07/2023   *Mumbai*

Achievements/Tasks

- **UniScholars -** Developed and maintained high-performance web applications for UniScholars, a premier counselling platform with **60K+ active users** that provides end-to-end solutions for students' study abroad journeys, serving as a one-stop shop for everything from pre-departure to post-landing, by implementing responsive and user-friendly interfaces using React and Next.js to enhance user engagement and platform efficiency. Link .
- **UniAcco -** It's cross-border accommodation platform with **1M+ users**, dedicated to providing students with an ideal housing experience by implementing responsive and user-friendly interfaces using React and Next.js to enhance user engagement and platform efficiency.. Link
- When challenges arose, my problem-solving prowess shone through as I swiftly debugged code and implemented innovative solutions, always striving to optimize performance and deliver exceptional user experiences.

FRONTEND DEVELOPER
SplendorNet Technologies Pvt. Ltd.
12/2021 - 12/2022   *Pune*

Achievements/Tasks

- **Coke One North America (CONA) -** A platform that provides each of the 12 largest Coca-Cola Company North American bottling partners with tools they need to collaborate as one company. **Technology -** ReactJS, JavaScript, Typescript, HTML,CSS3,MATERIAL UI, JSON- Rest Architecture.
- **Fluid Robotics -** Fluid Robotics is a start-up providing products and services that enable better management of water and wastewater infrastructure. **Technology -** ReactJS, Redux, Nodejs, Express, Mongodb, JavaScript, HTML5,CSS3, Bootstrap, JSON- Rest Architecture
